EXPERIENCE

UI/UX Designer — CUHK | Hong Kong (Remote)

JAN - Present

- Analyzed issues and provided recommendations for better layout and accessibility of 3 websites.
- Aided in the redesign of sites to decrease user confusion and improve website structure.

UX Designer — U of Lethbridge | Alberta, Canada (Remote)

JAN - APR 2024

- Conducted 6 user interviews, along with follow-up meetings, to fully understand pain points and needs of the client.
- Facilitated consistent communication between teams through meetings and emails.
- Created wireframes after multiple iterations and meetings to ensure client satisfaction.

UI/UX Designer — Sofvie Inc. | Ontario, Canada (Remote)

MAR - OCT 2023

- Collaborated with the data science team and conducted 8 interviews with stakeholders to design a user-friendly interface based on feedback and user goals.
- Standardized the team's design system of colors, typography, and components to ensure consistency of the company's brand.
- Designed an internal dashboard to improve work efficiency from a couple of hours to under 20 minutes, with minimum 50% reduction.

English Teacher — Global Village Workshop | Hong Kong

APR - NOV 2021

- Created engaging coursework, customized to children's needs and skill levels, to improve their English skills.
- Digitized and simplified student report process, cutting down completion time from over 30 days to 2 days.

Technical Writing Editor — CUHK | Hong Kong

JUL - DEC 2020

- Edited IEEE papers and sections of a published textbook on MOOCs.
- Met weekly with writers to discuss improvements and go over changes for increased readability.
